

[hiddn]TM SATA Adapter

Cost-effective protection of copiers, printers and office workstations

- Versatile & Robust Encryption Adapter for SATA drives
Incorporating the [hiddn]TM Crypto Module, this compact application enables full-disk encryption of any SATA drives
- Delivered either as standalone application for OEM into third party products, as a unit with hard drive mounted for insertion into third part enclosures or as a complete [hiddn]TM external hard drive end-product
- Transparent full-disk encryption of all data at rest
- All encryption keys and security data stored on a separate, physical smart card (Key Token)
Perfect for end-users and or OEMs for use in:
Desktops
Copiers
USB-drives
Any type of storage application
Other
